

CULTIVATING CONNECTIONS

Ecological Medicine Meets Psychedelic Therapies

HOSTED BY UCLA ECOLOGICAL MEDICINE & PSYCHEDELIC STUDIES INITIATIVE

[REGISTER HERE](#)

FRIDAY, MAY 10, 2024 8:00 AM - 6:00 PM PT

**UCLA Semel Institute & Mildred E. Mathias Botanical Garden
740 Westwood Plaza, Los Angeles, CA 90024**

In an era marked by environmental challenges and mental health crises, it is imperative to explore holistic approaches to healing and well-being. This symposium provides a unique opportunity to deepen your understanding of the interconnectedness between nature, psychedelic-assisted therapies, and healing.

KEYNOTE SPEAKER

LOUIE SCHWARTZBERG

Filmmaker & Director
of *Fantastic Fungi*

SYMPOSIUM AGENDA

PANEL DISCUSSION

Engage with leading experts in Ecological Medicine & Psychedelic Therapies, including esteemed scholars, psychologists, and medical professionals.

BREAKOUT SESSIONS

Engage in in-depth discussions covering community partnerships, designing green spaces in clinical settings, legal implications of Ecological Medicine, and practical applications in research and practice.

NETWORKING OPPORTUNITIES

Connect with fellow scholars, doctors, students, and peers who share a passion for exploring innovative approaches to holistic health and consciousness.

7:30 pm **Screening of "Gratitude Revealed" and discussion with director Louie Schwartzberg** – Open to the public at James Bridges Theater – UCLA, 235 Charles E. Young Drive
